CINEMATIC VISUALS

MindGazm is the solo electronic project of Miami-based DJ and producer Gregory Gelfand. Blending deep and progressive house, melodic techno and tech house in DJ sets — with live guitar and flute available as an option — each performance is elevated by immersive, cinematic visuals that pulse and evolve with the music — pulling the audience into a hypnotic, multi-sensory journey.

ORIGINAL MUSIC

Sets built on **original productions and releases** — including Trax Records and Direct Action Records.

LIVE INSTRUMENTS (OPTIONAL)

Add **live guitar and flute** over DJ-driven grooves — an organic edge. Available as an add-on for any booking.

IMMERSIVE VISUALS (OPTIONAL)

Custom cinematic visuals crafted for every show — stories that move with the music.
